## Achievements

### Earned 1.5k+ USD

Design & Development

As a freelancer, I've earned over \$1.5k through Upwork and direct clients. I specialize in designing and development and am open to new challenges.

### 5 Stars Rating

Freelance designer

Consistently received 5-star ratings and glowing feedback, demonstrating my commitment to high-quality work and exceptional customer service.

### Top-rated Freelancer

Freelance designer

I was previously recognized as a top-rated freelancer on Upwork, having consistently delivered high-quality work and received excellent feedback from clients.

## Experience

### Freelancer Designer

Self-employed  
2021 - 2022

As a self-employed freelancer, I've had the opportunity to work on a variety of projects for clients both on and off of Upwork. With over 1.5k USD earned for my services, I take pride in delivering high-quality work in both design and development.

## Education

### B.E. in Comp. Engg.

Pillai College, Rasayani  
2019 - 2022

Experience working on complex projects has given me a deep understanding of conducting thorough research, leveraging technologies, and the significant impact UI has on user experience and engagement.

### Diploma in Comp. Engg.

Pillai College, Rasayani  
2016 - 2018

Presentations during my Diploma improved my communication skills, while gaining expertise in programming and front-end for responsive interfaces.
